

# 2016 Campbell Co. Board of REALTORS Business Person of the Year

We first met Gillette Police Department's Corporal Dan Stroup at our April 2016 Membership meeting. He was asked to talk about safety because of the many changes happening within our community.

It was immediately obvious that Dan had done his research before speaking to us. He understood that our profession is a unique one and to stay safe, we must take even greater precautions than most.

Dan gave us very real scenarios and useful tips on safety in all facets of our jobs. Tips were given for meeting with clients to open houses & showings to personal safety. Those of us present were so intrigued with the information he was sharing, we encouraged him to continue for over an hour! (For anyone that doesn't know, we are very adamant that meetings last no longer than 1 hour. So, for the group to urge him to continue is very big deal!)

To top it off, he encouraged anyone with questions to contact him anytime. Most times this is said and seldom followed up on, but not with Dan. Several of members have contacted him and received not only prompt attention but help and information that was not only useful, but effective.

One incident that is most telling is when an agent called the station to speak with him, only to find out he had gone on vacation with his family. It wasn't an emergency, so she asked that a message be left for when he returned. Moments later, Dan returned the call to the agent! Even though the agent encouraged him to call when he returned home, he insisted on answering her questions, giving her great information that she utilized successfully.

It is very clear that being a police officer is not just a profession but a true passion for Dan. We are so incredibly lucky to have this gentleman as not only an officer, but as a caring member of our community.
